

## HONOR ROLL

Disability in Kidlit reviews a lot of books featuring disabled characters; so many, in fact, that it's become difficult for readers, librarians, and teachers to have an easy overview of books worth reading and adding to their collections. In the interest of making that search easier, we would like to introduce ...

The official **Disability in Kidlit Honor Roll**, a vetted list of books we enthusiastically recommend.

If you have questions, such as how to suggest a title for the list or which books qualify, please see [our Honor Roll FAQ](#). We also have [a list with UK editions only](#).

If you want to stay up-to-date on new additions to the Honor Roll, please subscribe to [our newsletter](#).
